

# Use only 2 oz. Per 40 Gallon Tank

**Pure Power** is a concentrated formula of powerful bacteria and enzymes that are designed to break down waste, toilet paper, grease, and soap scum, thereby ensuring a clean, odor-free condition in both gray and black tanks. **Pure Power** is completely safe, natural, and 100% biodegradable.

## DIRECTIONS

SHAKE WELL BEFORE USE. If chemical treatments such as formaldehyde have been used in tank, first time results may vary, depending upon levels of sludge and chemical build-up.

### **For optimal results:**

1. Flush tank thoroughly.
2. Add **4 ounces** for each 40 gallons of tank capacity and fill tank with water. Let stand for at least 8 hours.
3. Drain and flush tank. Follow normal usage instructions. *(If the above is inconvenient, simply double the dose for first time use.)* □

### **Black Tank**

Prior to use add **2 ounces** to toilet and flush with 1 gallon of water.

### **Gray Water Odor Control**

Pour **2 ounces** down sink or shower drain and flush with 1 gallon of water.

**Pure Power** will remove the odors caused by food, grease & soap residue.

### **Septic Tank** *(Pour treatment down drain furthest from tank)*

To recharge system, use **1 quart** per 1500 gallons of tank capacity and flush with 1-2 gallons warm water. For normal system maintenance, treat monthly with **4-6 ounces**.

### **Drains, Disposals & Bilges**

Use **1-2 ounces** as needed to keep drains, disposals and bilges clean and free of odors.

**NOTE:** For temperatures above 105° F, it may be necessary to double the dose for odor control.

**Ingredients:** Non-pathogenic bacteria, enzymes, natural surfactants and wintergreen fragrance.

**Caution:** Avoid freezing. Store in a cool place. Wash hands thoroughly after each use. Avoid contact with open sores or eyes.
